Community Outcomes

Community Outcomes represent the outcomes that the Council “aims to achieve in meeting the current and future needs of communities for good-quality local infrastructure, local public services, and performance of regulatory functions.”

The Council will continue to work with numerous organisations (e.g. health, business, environmental, community, government departments) to contribute to the strategic direction and identify future issues.

Other agencies may also contribute to these outcomes through the activities and services they provide.

There are six community outcomes the Council have identified:

High quality infrastructure to meet community and business needs

Infrastructure provision represents a core role of the Council. Provision of high quality infrastructure is essential to strong communities and economic prosperity.

Smart, diversified economic success and growth supported and enabled

The Timaru District economy is one of the most diversified in New Zealand. The Council is committed to providing great customer service and being recognised as a business friendly Council – putting out the red carpet, not the red tape.

Communities that are safe, vibrant and growing

We all want to live in places that are full of energy and vitality and where we feel safe. The provision of recreational facilities, core infrastructure and effective regulation helps create this sense of community.

People enjoying a high quality of life

Council’s activities are a fundamental contributor to everyone’s quality of life. Whether the clean and fresh water flowing from the tap, the road you use daily to get to school or work or the playground your grandchildren enjoy, each service makes a contribution.

A strong identity forged and promoted

Our identity defines our place in New Zealand and the world. We have much to celebrate and promote. The Council is a key player in promoting our identity and enabling it to develop.

A valued, healthy and accessible environment

Without a healthy environment, many of these aspirational goals will not be achieved. Many of the Council’s activities contribute towards both protecting and enhancing the physical environment.

Strategic Priorities

The Council has identified four priority areas it believes are essential to enable it to work towards the Vision and Community Outcomes.

Investing in Community

The Council is an important player in the Timaru District. It provides leadership and advocacy, but also has a role in promoting and encouraging strong partnerships to ensure the most effective solutions are achieved for the betterment of the wider Timaru District.

Promote integrated, highly liveable communities

The Council has an important role in planning for our district's future. It needs to promote integrated planning to meet future challenges and ensure wise investment of resources. Future development of well planned, integrated, attractive and safe communities means smart thinking and taking all relevant information into account, within the legislative framework that guides local government.

Support areas of economic and district strength

The Council has a role to support and enable economic growth in Timaru District to help enable our future to be realised. Areas of economic strength should be encouraged to flourish.

Ensure critical infrastructure meets future needs

One of the Council's core roles is in the provision of infrastructure, both below and above ground that enables communities to survive and prosper. Infrastructure connects our communities together and is critical to our social, economic, cultural and environmental wellbeing. Continuously planning and acting to meet future needs through maintenance and development of infrastructure is a foundation for Timaru District's future.

Key tasks the Council has identified to help achieve these strategic priorities and overall linkages to the Council's activities are identified below:

Strategic Priority 1: Investing in Community				
Priority Areas	Leadership and Advocacy	Partnerships and Communications	Recreation and Leisure	Social Support
What will be done	<ul style="list-style-type: none"> Plan for the District's future and Council's role in that future Advocate and submit on key issues, government plans and policy impacting on the district and Council services Ensure people and communities are represented and community views heard Advocate for secure critical infrastructure provision (e.g. electricity, communications, irrigation) Maintain affordable service provision to the Timaru District Provide responsive and efficient Council services 	<ul style="list-style-type: none"> Nurture strong communities through leadership, partnership, and advocacy Support partnerships that improve community wellbeing Regularly inform and engage the community via a range of mediums Modernise Council's communication through use of new tools 	<ul style="list-style-type: none"> Maintain high quality and affordable recreational and leisure facilities Ensure leisure and recreational spaces keep up with modern trends Develop Timaru District community infrastructure and facilities to meet future community needs 	<ul style="list-style-type: none"> Help ensure positive social outcomes for the district Work together to ensure safe communities are maintained and promoted Build strong, resilient communities Provide support for individuals, projects and events Provide support for vulnerable individuals in need of housing
Key Actions and Projects	<ul style="list-style-type: none"> Annual and Long Term Planning Submissions Community Board and Council meetings Representation Reviews (6 yearly) Advocacy Elections (3 yearly) Consultation Rating and Financial policy/strategy reviews Council representation on community groups 	<ul style="list-style-type: none"> Community partnerships and programmes <i>Communications strategy</i> <i>Web and social media presence</i> Two yearly Community Survey Council media releases and publications 	<ul style="list-style-type: none"> Recreation and Leisure facilities maintenance and provision <i>Options investigations of future leisure facilities approach</i> Walking and cycling tracks development Exhibitions and public programmes 	<ul style="list-style-type: none"> Council Social Housing provision and renewals Community Grants and Loans Creative Communities fund Safer Communities projects Project Turnaround Youth-at-risk initiatives Project Y Emergency Management Training and Volunteers
