## HISTORICAL HERITAGE AND CULTURAL VALUES

### Introduction

The Council has a responsibility to recognise and provide for the protection of historic heritage within the Timaru District. Heritage buildings, monuments, structures, and sites embody and provide a context for the identity of rural, settlement and urban communities within the District. They can also provide valuable connections with, and information about, the past, and the people who came before us.

Historic heritage values can be adversely impacted or lost through inappropriate subdivision, use or development. It is therefore important that historic heritage is identified, protected and managed. This chapter of the<sup>1</sup> District Plan recognises and manages two elements of historic heritage namely:

1. Historic Heritage Items: These items, which include buildings, structures and places, are listed in SCHED3 — Schedule of Historic Heritage Items. There are two categories of historic heritage items: Category A - which are highly significant, and Category B - which are significant; and
2. Historic Heritage Areas: These areas are identified in SCHED4 — Schedule of Historic Heritage Areas and contain groups of buildings, structures and places which collectively have significant historic heritage value.

The District Plan also recognises and manages ~~Sites of Significance to Māori~~ SASM within the ~~SASM~~ Sites and Areas of Significance to Māori Chapter. These are historic heritage sites which have high historic heritage, social and cultural values and are listed in SCHED-6 Schedule of Sites and Areas of Significance to Kāti Huirapa. Where a historic heritage value is listed in multiple schedules then the provisions of all chapters must be considered.<sup>2</sup>

The following explanations describe the historic heritage values listed within HH P1:

#### Historical and social value:

Historical and social significance values that demonstrate or are associated with a particular person, group, organisation, institution, event, phase or activity; the continuity and/or change of a phase or activity; social, historical, traditional, economic, political, or other patterns.

#### Cultural and spiritual value:

Cultural and spiritual values that demonstrate or are associated with the distinctive characteristics of a way of life, philosophy, tradition, religion, or other belief, including: the symbolic or commemorative value of the place; significance to Tangata Whenua; and/or associations with an identifiable group and esteemed by this group for its cultural values.

#### Architectural and aesthetic value:

Architectural and aesthetic values that demonstrate or are associated with a particular style, period or designer, design values, form, scale, colour, texture, and material of the place.

<sup>1</sup> Te Runanga O Ngai Tahu [185.88]

<sup>2</sup> Te Runanga O Ngai Tahu [185.88]

**Technological and craftsmanship value:**

Technological and craftsmanship values that demonstrate or are associated with the nature and use of materials, finishes, and/or technological or constructional methods which were innovative, or of notable quality for the period.

**Contextual value:**

Contextual values that demonstrate or are associated with a relationship to the environment (constructed and natural), a landscape, setting, group, precinct or streetscape; a degree of consistency in terms of type, scale, form, materials, texture, colour, style, and/or detail; recognised landmarks and landscape which are recognised and contribute to the unique identity of the environment.

**Archaeological and scientific value:**

Archaeological or scientific values that demonstrate or are associated with the potential to provide information through physical or scientific evidence and understanding about social, historical, cultural, spiritual, technological, or other values of past events, activities, structures, or people.<sup>3-4</sup>

**Archaeological Authority Process**

Under the Heritage New Zealand Pouhere Taonga Act 2014 it is unlawful to destroy, damage, or modify an archaeological site without obtaining an archeological authority from Heritage New Zealand Pouhere Taonga (HNZPT) before you start work. An archaeological site is defined in that Act as any place in New Zealand (including buildings, structures and shipwrecks) that was associated with pre-1900 human activity, where there is evidence relating to the history of New Zealand that can be investigated using archaeological methods. An archaeological authority is required in addition to any resource consent required by the Council.

If you discover a previously unknown archaeological site (e.g. when you are doing earthworks) you must stop any work that could affect it and contact HNZPT for advice on how to proceed in accordance with the Accidental Discovery Protocol set out in Appendix 4.

**Section A Scheduled Historic Heritage Items**

The following provisions in Section A apply only to historic heritage items listed in SCHED3 — Schedule of Historic Heritage Items.

Objectives	
<b>HH-O1</b>	<b>Identification and documentation of historic heritage items</b>
Historic heritage items are identified and their historic heritage values documented.	
<b>HH-O2</b>	<b>Protection of values</b>
The Tamaru District’s historic heritage items and their settings are protected from inappropriate subdivision, use, and development.	
<b>HH-O3</b>	<b>Active use of historic heritage items</b>
Historic heritage items are actively used and maintained, including through adaptive re-use.	

<sup>3</sup> Heritage NZ [114.18]

<sup>4</sup> Panel Decision Report, Part 6, Section 4.3.1

<b>Policies</b>	
<b>HH-P1</b>	<b>Identification and assessment of <u>H</u>historic <u>H</u>eritage <u>I</u>tems</b>
<p>Identify <u>H</u>historic <u>H</u>eritage <u>I</u>tems that contribute to an understanding of <u>T</u>imaru the District’s history, identity and cultural and historic themes, and assess their significance in relation to the following values:</p> <ol style="list-style-type: none"> <li>1. historic and social; and</li> <li>2. cultural and spiritual; and</li> <li>3. architectural and aesthetic; and</li> <li>4. technological and craftsmanship; and</li> <li>5. contextual; and</li> <li>6. archaeological and scientific.</li> </ol>	
<b>HH-P2</b>	<b>Historic <u>H</u>eritage <u>I</u>tems categories</b>
<ol style="list-style-type: none"> <li>1. Classify the <u>H</u>historic <u>H</u>eritage <u>I</u>tems using the values in HH-P1 according to their relative significance as follows:                     <ol style="list-style-type: none"> <li>a. Highly Significant Historic Heritage (<del>Group A</del>) Items (<u>Category A</u>) which:                             <ol style="list-style-type: none"> <li>i. meet at least one of the heritage values in HH-P1 at a highly significant level; and</li> <li>ii. are of high overall significance to the <u>T</u>imaru District (and may also be of significance nationally or internationally), because they convey important aspects of the <u>T</u>imaru District’s cultural and historical themes and activities, and thereby makes a strong contribution to the <u>T</u>imaru District’s sense of place and identity; and</li> <li>iii. have a high degree of authenticity (based on physical and documentary evidence); and</li> <li>iv. have a high degree of integrity (particularly whole or intact heritage fabric and heritage values); <u>and</u></li> </ol> </li> <li>b. Significant Historic Heritage (<del>Group B</del>) Items (<u>Category B</u>) which:                             <ol style="list-style-type: none"> <li>i. meet at least one of the heritage values criteria at a significant level; <u>and</u></li> <li>ii. are of significance to the <u>T</u>imaru District (and may also be of significance nationally or internationally), because they convey aspects of the <u>T</u>imaru District’s cultural and historical themes and activities, and thereby contribute to the <u>T</u>imaru District’s sense of place and identity; and</li> <li>iii. have a moderate degree of authenticity (based on physical and documentary evidence) to justify their significance to the <u>T</u>imaru District; and</li> <li>iv. have a moderate degree of integrity (based on how whole or intact they are) to clearly demonstrate its significance to the <u>T</u>imaru District; <u>and</u></li> </ol> </li> </ol> </li> <li>2. Identify the <u>H</u>historic <u>H</u>eritage <u>I</u>tems in <del>Groups</del> <u>Categories A and B</u> on the planning maps; <u>and</u></li> <li>3. Describe each <u>H</u>historic <u>H</u>eritage <u>I</u>tem, its setting and its values and, where relevant, any scheduled interior elements where these contribute to the heritage values of the <u>historic heritage</u> item in an assessment report.</li> </ol>	
<b>HH-P3</b>	<b>Benefits of active protection and use of <u>H</u>historic <u>H</u>eritage <u>I</u>tems</b>
<p>Recognise the cultural, social, and economic benefits of the ongoing protection and use, including adaptive re-use, of <u>H</u>historic <u>H</u>eritage <u>I</u>tems.</p>	
<b>HH-P4</b>	<b>Maintenance, repairs and internal alterations to <u>H</u>historic <u>H</u>eritage <u>I</u>tems</b>
<p>Enable the maintenance and repair of <u>H</u>historic <u>H</u>eritage <u>I</u>tems and internal alterations that do not adversely affect the heritage values of any scheduled interior elements.</p>	
<b>HH-P5</b>	<b>Signs and external alterations and additions to <u>H</u>historic <u>H</u>eritage <u>I</u>tems</b>
<p>Only allow external alterations and additions to <u>H</u>historic <u>H</u>eritage <u>I</u>tems, signs attached to <u>H</u>historic <u>H</u>eritage <u>I</u>tems, or internal alterations which affect scheduled interior elements where:</p>	

1. any adverse effects on the historic heritage values of the item are avoided or minimised; and
2. the proposal will result in the long-term protection and on-going use of the building; and
3. the proposal is consistent with the principles contained in the ICOMOS New Zealand Charter.

#### HH-P6 Relocation of ~~Historic Heritage Items~~ within or beyond their heritage setting<sup>5</sup>

Only allow the relocation of ~~Historic Heritage Items~~ within or beyond their heritage setting<sup>6</sup> where it can be demonstrated that:

1. the relocation is necessary due to the level of risk to the heritage item from natural hazards; or
2. the physical condition of the item and its heritage values will be enhanced ~~and the greater public appreciation of those values will result;~~<sup>7</sup> and
3. adequate measures are in place to minimise risk of damage to the item; and
4. the new location of the item is as close to the original location as is practicable, or offers a degree of association with the item.

#### HH-P7 Management of heritage settings

Only allow subdivision, earthworks or new buildings within the settings of ~~Historic Heritage Items~~ where they protect the heritage values of the items, taking into account whether:

1. alternatives have been considered that would achieve a similar outcome; and
2. there is sufficient land around the item to maintain the heritage values of the item; and
3. there are measures to minimise obstruction of views of the heritage item from adjoining public spaces that may result from any proposed building, future land use or development.; and
4. ~~for Regionally Significant Infrastructure, that adverse effects are managed in accordance with EI-P2 and EI-PX<sup>8</sup> Managing adverse effects of Regionally Significant Infrastructure and other infrastructure.~~<sup>9</sup>

#### HH-P8 Demolition of Category B ~~Historic Heritage Items~~

Only allow demolition of a Category B ~~Historic Heritage Items~~ identified in SCHED3 — Schedule of Historic Heritage Items where it can be demonstrated that:

1. there is a threat to life and/or property which cannot be removed or reduced by interim protection measures; or
2. the extent of the work required to retain and/or repair the item is of such a scale that the heritage values and integrity of the item would ~~not~~<sup>10</sup> be significantly compromised; or
3. there are no other reasonable options to conserve, adapt or relocate the item the cost of remedying any disrepair or threat to life and/or property is prohibitive; or<sup>11</sup>
4. the historic heritage item can be demolished in part without adversely affecting the heritage values for which it was scheduled.

#### HH-P9 Demolition of Category A ~~Historic Heritage Items~~

Avoid the demolition of a Category A ~~Historic Heritage Items~~ included in SCHED3 — Schedule of Historic Heritage Items unless it can be demonstrated that it is in a state which poses an imminent threat to life.

**Section B Historic Heritage Areas**

The following provisions in Section B apply within ~~Historic Heritage Areas~~ contained in SCHED4 — Schedule of Historic Heritage Areas but do not apply to any ~~Historic Heritage Item~~ contained in SCHED3 — Schedule of Historic Heritage Items located within the ~~Historic Heritage Area~~.

~~SCHED4 – Schedule of Historic Heritage Areas identifies the extent of the two Historic Heritage Areas, SCHED4A – Schedule of Contributory Historic Features and also identifies the Heritage Items and Contributing Historic Features located within the Historic Heritage Areas. All new buildings or structures, external alterations and additions, removal or demolition of buildings, and subdivisions of land within a Historic Heritage Area are subject to the provisions outlined in Section B, regardless of whether they are identified as a contributing historic features or not. In cases where resource consent is required, the consent process will take into account the extent to which a building is classified as a contributing historic feature, or not.~~<sup>25</sup>

**Objectives**

**HH-O4 Identification and documentation of ~~Historic Heritage Areas~~**

~~Historic Heritage Areas~~ are identified and their heritage values are documented.

**HH-O5 Protection of ~~Historic Heritage Areas~~**

The integrity and heritage values of ~~Historic Heritage Areas~~ are protected from inappropriate subdivision, use and development.

**Policies**

**HH-P10 Identification and assessment of ~~Historic Heritage Areas~~**

Identify ~~Historic Heritage Areas~~ that contribute to an understanding of ~~Timaru~~ District’s history, identity and cultural and historic themes, and assess their significance in relation to the following values:

1. historic and social; and
2. cultural and spiritual; and
3. architectural and aesthetic; and
4. technological and craftsmanship; and
5. contextual; and
6. archaeological and scientific.

**HH-P11 Historic ~~Heritage Areas~~ recording**

Identify ~~Historic Heritage Areas~~ on the planning maps and describe each such area and its value with reference to P10, within SCHED4 — Schedule of Historic Heritage Areas.

**HH-P12 Benefits of active protection and use of ~~Historic Heritage Areas~~**

Recognise the cultural, social and economic benefits of the ongoing protection and use of ~~Timaru~~ District’s ~~Historic Heritage Areas~~.

**HH-P13 Protection, use and development in ~~Historic Heritage Areas~~**

Determine the appropriateness of the scale, form, location, design and material of development within historic heritage areas against the following matters:

1. any impact on the integrity or intactness of the ~~Historic Heritage Area~~; and
2. the vulnerability of the ~~Historic Heritage Area~~ to change or modification; and
3. opportunities for protecting identified heritage values.

<sup>25</sup> Heritage NZ [114.27]

**HH-P14 Maintenance, repair, alterations and additions to buildings in Historic Heritage Areas**

Manage changes to buildings within Historic Heritage Areas by:

1. enabling the maintenance, repair and internal alterations of buildings; and
2. requiring the form, design and material of external alterations, additions and signs to maintain or enhance the historic heritage values, integrity and heritage significance of the Historic Heritage Area.

**HH-P15 New buildings and structures**

Provide for new buildings and structures when their location, form, design, scale and material maintains or enhances the historic heritage values, integrity and heritage significance of the Historic Heritage Area while taking into account EI-P2 and EI-PX5<sup>26</sup> ~~Managing adverse effects of Regionally Significant Infrastructure and other infrastructure.~~<sup>27</sup>

**HH-P16 Removal or demolition of buildings in Historic Heritage Areas**

Only allow the removal or demolition of buildings that do not contribute to the values of a Historic Heritage Area.

Provide a hyperlink from the added words in HH-P15 to EI-P2.

<sup>28</sup>Amend planning map for HHA-1 Stafford St.

**Rules**

**Note:** For certain activities, consent may be required by rules in more than one chapter in the *District Plan*. Unless expressly stated otherwise by a rule, consent is required under each of those rules. The steps plan users should take to determine what rules apply to any activity, and the status of that activity, are provided in Part 1, HPW — How the Plan Works - General Approach.

<b>HH-R4213 Maintenance, repair or internal alteration of buildings</b>
