Subject: RE: Timaru Proposed District Plan - Hearing B - Minute 14 - Panel request for clarification

from s42A authors and information requests made to submitters

Kia ora

In response to the matter raised in Minute 14, I refer the Panel to the attached response dated 26 July 2024 in relation to the request for the landscape plan for the Taitarakihi Stream.

Anything further required, please let me know.

Subject: Response to Request for Further Information – Proposed Timaru District Plan Review– Hearing B

CivilPlan Project No: HPCL1295

I write in response to the request made from the Commissioner at the Proposed Timaru District Plan Review Hearing B on Wednesday afternoon, 24 July 2024 in relation to the site at 226 Evans Street, Oceanview.

Following presentation of my Summary Statement, clarification was sought as to whether any landscaping was proposed along the northern side of the Taitarakihi Creek that forms part of the Submitter's site. Resource Consent for the Harvey Norman alterations was granted in August 2022 and there is no requirement for landscaping of this area, albeit, an area between the new customer car parking and the Taitarakihi Creek is identified as a *nominal stormwater treatment area*.

I also note that future subdivision of the (split-zoned) site will require provision of a 20m wide esplanade reserve along the boundary of the Creek.

I trust that the above is sufficient information to satisfy the Commissioner's query.

Yours sincerely,
CivilPlan Consultants Ltd
