Subject: Timaru District Plan - MetService Designation - ID 145

Karina

Thank you for your letter of 14 May about the MetService designation - ID 145.

An automatic weather station has been at the site since 1990, and the designation is still required and needs to be rolled over into the new District Plan please.

I have checked the designation plan and no modifications are required to the designation.

Thank you

regards

Jeremy
