

GENERAL INDUSTRIAL ZONE

Introduction

The General Industrial Zone is applied to areas of the District that primarily contain industrial activities. These activities have significant economic benefits, but can also have adverse effects on the environment.

The General Industrial Zone also recognises and provides for a range of ancillary activities and other activities that are generally compatible with industrial activities.

The General Industrial Zone includes two precincts: the Washdyke Expansion Precinct – PREC 7 and the Clandeboye Dairy Manufacturing Precinct – PREC 8.¹

Objectives

GIZ-O1 The purpose of the General Industrial Zone

The General Industrial Zone provides for a range of industrial activities and other compatible activities that contribute to the economic wellbeing of the District.

GIZ-O2 Character and qualities of the General Industrial Zone

The character and qualities of the General Industrial Zone comprise:

1. utilitarian buildings, often with large sites, large yard spaces and external storage; and
2. large volumes of light and heavy vehicle traffic; and
3. activities that may generate a range of adverse effects including significant adverse effects; and
4. activities that may operate 24 hours per day; and
5. good vehicle accessibility from major transport routes and centres; and
6. a safe and functional working environment; and
7. buildings and activities that ~~do not compromise~~ maintain² the amenity values of adjoining Residential zones and Open Space and Recreation Zones; ~~and~~
8. landscape planting and screening along road frontages (~~excluding the PREC 8 - Clandeboye Dairy Manufacturing Precinct~~)³ and Open Space and Recreation Zones.

GIZ-O3 Use and development in the General Industrial Zone

Use and development in the General Industrial Zone:

1. is located so that it can be appropriately serviced by infrastructure; and
2. is not compromised by the establishment of sensitive activities; and
3. does not compromise the strategic role and function of any of the ~~Commercial and Mixed Use~~ Zones; and
4. maintains the amenity values of adjacent Residential zones and Open Space and Recreation Zones.

~~PREC 7-O1~~ Washdyke Industrial Expansion Precinct

Development in ~~the PREC 7 -~~ Washdyke Industrial Expansion Precinct minimises adverse effects on ~~the~~ adjoining residential zones.

~~PREC 8-O1~~ Clandeboye Dairy Manufacturing Precinct

PREC 8 - The Clandeboye Dairy Manufacturing Precinct provides for the establishment and operation of nationally significant dairy processing activities, while mitigating the effects on the adjoining rural

zone.⁴

Policies

GIZ-P1 Industrial activities

Enable a range of industrial activities and associated activities where:

1. ancillary activities are conducted on the same site as the primary industrial activity (excluding ancillary activities within the PREC~~X~~8 - Clandeboye Dairy Manufacturing Precinct)⁵; and
2. the activity⁶ does not include residential activities; and
3. they are compatible and complementary to the purpose, character and qualities of the General Industrial Zone.

GIZ-P2 Off-site industrial ancillary activities

Only allow industrial ancillary activities on a different site of the primary industrial activity where:

1. they are located in the PREC~~X~~8 - Clandeboye Dairy Manufacturing Precinct; or⁷
2. they are conducted on an adjoining or adjacent site as the primary industrial activity; and
3. they do not undermine the purpose, viability and function of any of the ~~C~~ommercial and ~~M~~ixed Use Zones; and
4. they are compatible and complementary to the purpose, character and qualities of the General Industrial Zone.

GIZ-P3 Streetscape and amenity values

Maintain the amenity values of the streetscape, the ~~R~~esidential Zones, and ~~O~~pen Space and ~~R~~ecreation Zones, by requiring:

1. ~~O~~utdoor⁸ storage areas to be screened from road boundaries and ~~R~~esidential Zones (excluding the PREC~~X~~8 - Clandeboye Dairy Manufacturing Precinct)⁹; and
2. landscaping along road ~~boundaries~~ frontages (excluding the PREC~~X~~8 - Clandeboye Dairy Manufacturing Precinct)¹⁰ and site¹¹ boundaries that adjoining¹² the ~~O~~pen Space and ~~R~~ecreation Zones; and
3. buildings and structures to be a height and setback that will ensure adjoining ~~R~~esidential Zones, and ~~O~~pen Space and ~~R~~ecreation Zones:
 - a. have a reasonable standard of sunlight access; and
 - b. are not unreasonably dominated by built form; and
 - c. maintain privacy of adjoining ~~R~~esidential Zones; and
4. buildings to be of a colour and¹³ reflectivity that does not detract from the amenity values of ~~R~~esidential Zones.

GIZ-P4 Industrial and trade waste connections

Only allow activities that require connections to the industrial and trade waste system where:

1. there is sufficient capacity within the network to accommodate the additional demand; and
2. the location and design of connections and network extensions do not foreclose the opportunity of

¹³ Z Energy [116.29], Silver Fern Farms [172.150] and Alliance Group [173.146]

other sites in the General Industrial Zone to connect to the system.

GIZ-P5 Offensive trades

Only allow offensive trades to establish in the General Industrial Zone where:

1. the activity is located in a manner that will maintain the amenity values of adjacent zones; and
2. the activity and buildings ~~is~~ are designed in a way that contains or minimises nuisance effects.

GIZ-P6 Other activities

Avoid the establishment of other activities including residential activities unless:

1. there is a functional need or operational ¹⁴need for the activity to occur in the General Industrial Zone; and
2. the activity is not provided for in another zone; and
3. the activity does not undermine the purpose, viability and function of any of the Commercial and Mixed Use Zones; and
4. the activity would not result in reverse sensitivity effects that may constrain industrial activities.

~~PREC37-P1~~ Residential amenity of adjoining ~~R~~esidential ~~Z~~ones

Maintain the amenity values of adjoining ~~R~~esidential ~~Z~~ones by requiring:

1. buildings to be suitably separated from any sites within a ~~R~~esidential ~~Z~~ones; and
2. buildings and activities to be designed, operated, screened and landscaped in a manner that minimises the adverse effects on the adjoining ~~R~~esidential ~~Z~~ones; and
3. safe ingress and egress to the site without compromising vehicle and pedestrian safety in the adjoining ~~R~~esidential ~~Z~~ones; and
4. buildings to be a colour and reflectivity that does not detract from the amenity values of ~~R~~esidential ~~Z~~ones. ¹⁵

~~PRECX8-P1~~ Continued operation and development

Enable the continued operation and development of dairy processing activities and enable buildings and structures, at such a scale, that support the operational requirements of dairy processing activities. ¹⁶

~~PRECX8-P2~~ Mitigating effects

Mitigate the effects of dairy processing activities within ~~the precinct~~ ~~PRECX8 - Clandeboye Dairy Manufacturing Precinct~~ while recognising that dairy processing activities generate effects and require large scale buildings to meet their operational requirements, that may have effects beyond the ~~z~~Zone. ¹⁷

Rules

Note: For certain activities, consent may be required by rules in more than one chapter in the District Plan. Unless expressly stated otherwise by a rule, consent is required under each of those rules. The steps plan users should take to determine what rules apply to any activity, and the status of that activity, are provided in Part 1, HPW — How the Plan Works - General Approach.
