### **PROPOSED TIMARU DISTRICT PLAN DRAFT DECISIONS – SUBMITTER TECHNICAL FEEDBACK**

Thank you for the opportunity to provide technical feedback on the Timaru District Plan draft decisions. New Zealand Defence Force (NZDF) (Submitter 151) has reviewed the parts of the decision relevant to its submission and requests an amendment to the wording of Rule TEMP-R2 PER-2. The wording is currently ambiguous and could be read either that each individual TMTA is limited to 31 days or that there is an absolute cap of 31 days per site i.e. the cumulative total of all TMTAs at a site is limited to 31 days.

NZDF requests the wording be amended to clarify that any one TMTA at any one site cannot exceed a total of 31 calendar days i.e:

*The duration of a TMTAs at any one site does not exceed a total of 31 calendar days, excluding set-up and pack-out activities.*

This amendment is considered to be of a technical nature and it aligns with the intention of the Hearings Panel as set out in the draft decision report, particularly at paragraph 550, in deciding not to impose an annual limitation on TMTA.

If you wish to discuss further, please contact me at the address below.

Yours faithfully,
