Current Allocation: \_\_\_\_\_ unit/s  
Additional units required to meet full allocation using calculator: \_\_\_\_\_ unit/s  
The size of my current tank is: \_\_\_\_\_ litres

## SECTION 4 - PLAN OF PROPOSED LOCATION OF TANK

*New Tank Connections must be undertaken by an Infrastructure Approved Contractor for Rural Water Supply Connections.  
Please visit our website for Council's current Infrastructure Approved Contractor List and their contact details.  
[www.timaru.govt.nz/approvedcontractor](http://www.timaru.govt.nz/approvedcontractor)*

### Plan is required to show:

- Property boundaries, roads, buildings, etc
- Proposed location of water tank
- Include distances and dimensions to boundaries. In rural areas, please give approximate distance to nearest intersection.

## SECTION 5 – CHECKLIST

- I have reviewed the costs and wish to proceed
- Form has been fully completed
- Plan of Proposal is attached

## SECTION 6 – DECLARATION

- I / We hereby agree to pay Timaru District Council all fees and charges as requested. All fees will be invoiced with the approval.
- I / We will abide by all the bylaws and regulations affecting the Te Moana Water Supply.
- I / We acknowledge that application does not constitute approval.

Signed: \_\_\_\_\_

Date: \_\_\_\_\_

***Once approved a copy of the Services Consent and Acceptance Paperwork will be emailed to both the applicant and the landowner where email addresses are provided.  
Approvals are valid for 24 months.  
The application fee is payable regardless of whether the applicant proceeds with the physical works.***
