Introduction

- 1 My name is Liz White. I am a self-employed independent planning consultant (Liz White Planning). I prepared the s42A report on the cross-plan submissions (also referred to as the 'Sweep Up' topic). I confirm that I have read all the submissions, further submissions and relevant technical documents and higher order objectives relevant to my s42A report. I have the qualifications and experience as set out in my s42A report.
- 2 I note that no submitter evidence has been lodged in relation to this topic. Given this, and the limited number of submissions considered in this topic, this summary does not include a summary of key issues raised in submissions (or in evidence), as has been undertaken for summaries for other topic hearings. The purpose of this summary is therefore limited to outlining corrections I wish to make to my s42A report.

Corrections to my s42A report

- 3 Page 4 of my s42A Report lists the relevant submitters and further submitters addressed in this report. The list of original submitters is correct, but some further submitter names were omitted. These are listed below, along with the original submission point that their further submission relates to.

| Submitter Ref | Further Submitter Name | Further Submitter to |
|---------------|--|---------------------------|
| 152 | Radio NZ Ltd | OWL [181.1] |
| 278 | Rooney Group Limited, Rooney Holdings Limited, Rooney Earthmoving Limited and Rooney Farms Limited | Federated Farmers [182.2] |
| 185 | Te Rūnanga o Ngāi Tahu | Te Tumu Pareora [240.1] |
| 166 | Penny Nelson, Director-General of Conservation Tumuaki Ahurei | Federated Farmers [182.2] |

- 4 I note that all of these further submitters had original submission points addressed in Hearing H, and have therefore been provided with the s42A Report for this topic.
