

Sport and Active Recreation Zone

Introduction

The District's major sports facilities are located in the Sport and Active Recreation Zone. This ~~Z~~zone is used predominantly for a range of indoor and outdoor sport and active recreation~~a~~ activities and associated facilities and structures. It contains large-scale buildings along with car parking, lighting and signage and activit~~iesy~~ that can create large volumes of traffic and noise. Major facilities, such as the Southern Trust Events Centre, not only provide for recreation activities, but also act as a venue for exhibitions, concerts, theatre and other public events.

This Zone applies to the Timaru International Levels Raceway on Falvey Road which is a major motorised sports facility in the District and is licensed to hold international events that support the local economy. ~~The facility~~ Levels Raceway has been operating since 1967 and is well established with permanent buildings, a race track, car parking, a control tower and ancillary activities facilities.

PREC~~6~~11 - Caroline Bay Precinct is also part of the Sport and Active Recreation Zone. Caroline Bay is an iconic attraction in Timaru for both residents and visitors alike and hosts a broad range of activities including concerts and theatre, trade shows and fairs. ~~The precinct~~ PREC~~6~~11 - Caroline Bay Precinct contains convenient pedestrian links between the Timaru ~~t~~Town ~~e~~Centre and the coastal environment, a safe beach for swimming and the Benvenue ~~e~~Cliffs that afford expansive views of the sea. The good management of this ~~p~~Precinct is important to the image and identity of the District. The ~~p~~Precinct is an overlay that applies over the Sport and Active Recreation Zone and reflects the distinct character of Caroline Bay and the need to apply a specific policy direction and rules to some activities. It is not a distinct zone and as such, the policies and rules in the Sport and Active Recreation Zone apply to the Caroline Bay Precinct unless specifically excluded.
