FOREWORD

TONY HOWEY, BOARD CHAIR

In early February 2024 the Venture Timaru board met at the Fonterra Clondeboyne factory for our strategy review. A fitting place to meet given the importance of agriculture and manufacturing to our local economy where we are significantly more dependent on these sectors than most other areas of NZ. Last year this plant processed more milk than any plant in the world and probably more importantly, processed for a wide range of value-add products which also involves the world leading and patented mozzarella cheese process.

While continuing to support the important primary and primary based manufacturing sectors, the Timaru District economy would gain more resilience with additional and more diversified economic activities.

At the strategy review the board and management reflected on the relative strengths of our district and considered how we can provide better value to enhance economic development and wellbeing for the people of our district. At a high level, we need to know what success looks like and to this end have initiated development of a long-term plan entitled “Timaru District – Towards 2050” where success can be measured in terms of: population growth, improved productivity, higher paid & more jobs, increased GDP and an enviable quality of life. This long-term plan is, and needs to be, aspirational, as our changing demographics means we need substantial population growth just to maintain our current economic activity.

To take us on this path to 2050 we have identified the key areas we need to focus on over the next three years, then further identified the priorities for the 2024/25 period as detailed in this document. This approach sets out quite a different format from prior SOI documents and gives clear performance indicators and monitoring steps. We also see that this dovetails succinctly with the recently received Statement of Expectation from our Council which has given us further guidance on what we need to focus, and provide measurable results, on.

INTRODUCTION

NIGEL DAVENPORT CHIEF EXECUTIVE

People and place are at the centre of all we do at Venture Timaru. Everything we have outlined in this Statement of Intent is dependent upon the genuine relationships we build, the people we work alongside, and the partners who work with us.

Facilitating introductions and collaborations across our community, as well as regionally and nationally, to enhance our districts economic and social well-being is what we are all about.

We unashamedly amplify and promote our district's distinct and unique offerings to both assist existing business to prosper and attract new people and businesses to this great district of ours.

Our Central South Island location with the best of natural NZ right on our doorstep offers an enviable and attractive lifestyle which is fully supported by excellent education & health services and a variety of recreational and sporting facilities. Couple that with our connected, safe and caring communities we have so much to offer - a place where a true sense of belonging and collaboration means we look out for each other while "making things happen".

With a significantly diverse industry base, we have abundant career opportunities where our existing and future workforce can flourish and develop. We help "expose educate and excite" our rangatahi to all employment pathway possibilities so they can make as fully informed decisions as possible on their post secondary school life - to ultimately be part of the future success and growth of our district.

It is important to us that we monitor, measure and report on our successes with the public and our stakeholders and be agile in response to the challenges and opportunities we face as a district.

This Statement of Intent is a chapter of Venture Timaru's story. It sets out our objectives and key focuses for the next 12 months – which is an important step towards achieving a greater vision for our District's economy and its people.

We are excited to work collectively with all stakeholders to "enable a vibrant and thriving community by cultivating the economic potential of our district".

ALIGNED TO THE FUTURE OF OUR DISTRICT

Venture Timaru is a Council Controlled Organisation that provides economic development and visitor attraction functions for the district, with support provided by the council.

This Statement of Intent is presented by Venture Timaru in accordance with the requirements of Section 64(1) of the Local Government Act 2002 (LGA 2002). In accordance with the Local Government Act 2002, this annual Statement of Intent publicly states the activities and intentions of Venture Timaru and the objectives to which those activities will contribute.

This Statement of Intent is in response to Timaru District Council's Letter of Expectation and includes performance measures and targets for the next 12 months. The Statement of Intent takes direction from Timaru District Council's Strategic Direction and Long Term Plan along with Venture Timaru's existing Economic Development Strategy and Destination Management Plan.

This document outlines our plans to support and align to Timaru District Council's Strategic Direction which encompasses their Vision and Values underpinning well-being outcomes that create a community that is connected, resilient and diverse with an enhanced lifestyle within a sustainable environment.

TIMARU DISTRICT COUNCIL VISION & VALUES

Where people, place and business prosper within a healthy, adaptable, and regenerative environment.

Inclusive Leadership- through inclusive leadership, citizens play an active role in the District, creating shared responsibility and a connected vision for the future.

Cultural Caretakers - protecting and regenerating our unique cultural and environmental heritage so that we can retain a strong sense of identity for current and future generations.

Transition Navigators - being adaptable to change by embedding the principles of agility and resilience into our approach towards enhancing our community wellbeing outcomes.

STRATEGIC FOCUS

TIMARU DISTRICT - TOWARDS 2050

**POPULATION
GROWTH**

**IMPROVED
PRODUCTIVITY**

**HIGHER PAID &
MORE JOBS**

**INCREASED
GDP**

**ENVIABLE
QUALITY OF LIFE**

For a district such as ours, with so much to offer, it is important we collectively look forward, be challenging and aspirational about what we can be. Venture Timaru recently undertook an initial piece of work that looked out to 2050 and asked the questions:

- Where will Timaru's economy be in 2050 if the status quo remains?
- How much larger could Timaru's economy be if there is an aspirational focus on doing better things?
- Which factors would achieving an aspirational economic future rely on?

The findings were confronting and can be best summarised as "if we do the same we actually don't get the same –we go backwards!"

Therefore at the heart of all we do in coming years will be solidifying a path towards a better Timaru District in 2050 - one with more people, higher paid and more jobs, increased productivity & prosperity and at the heart of it all – an enviable quality of life for all that live here. If Timaru can be aspirational in terms of how many jobs it creates, the people it attracts, and how productive these jobs are then Timaru's economy could potentially triple in size by 2050 bringing with it significant economic, social and cultural benefits.

We are excited about the next 1-2 years as we develop and then implement an aspirational pathway for our district and its people. We look forward to enhancing our engagement with all local stakeholders as now more than ever is the time to be bold, innovative, and aspirational about the future of this great district of ours.

NATURE & SCOPE OF ACTIVITIES - 2024.25

Venture Timaru sets mid-term Operational Objectives which remain our immediate term focus. We then set our Prioritised Operational Activities which are our “must do” activities for the ensuing year, in this case the 2024/25 year, these being our immediate steps on the path to achieving our Operational Objectives.

There is a variety of other work undertaken and planned over and above our Prioritised Operational Activities evidencing the facilitative and collaborative approach we take to growing the prosperity and well-being of our District.

Three Year Operational Objectives	Support EXISTING BUSINESS to innovate and grow.	Attract & assist NEW BUSINESS to the District.	Assist business to attract, develop & maintain a skilled WORKFORCE. PARTNERS AND COLLABORATORS

Fostering key strategic partnerships, in a collaborative and transparent manner, is crucial to Venture Timaru achieving its objectives thereby ensuring our work and initiatives resonate at local, regional, and national levels. We lead when it is right to do so and provide guidance and expertise when appropriate. We seek input and consultation to achieve the best outcomes for our people, businesses and communities.

- **LOCAL** partnerships provide a foundation for understanding community needs and tailoring plans to address specific challenges and opportunities. By engaging with local businesses, organisations, and communities, development strategies become more contextually relevant and responsive, leading to sustainable growth that uplifts the entire community.
- Authentic partnership with **TANGATA WHENUA** importantly honours the vision of iwi, hapū and whānau for a future where our economy grows alongside sustainability and well-being for whānau, lands, waterways, marae, language, and future generations. This partnership acknowledges the cultural and historical dimensions of economic development and ensures that strategies and plans respect and integrate indigenous perspectives, fostering a more holistic and sustainable approach.
- **REGIONAL & SUB-REGIONAL** partnerships enable the pooling of resources and expertise, fostering synergies that can drive innovation and development. Collaborative efforts on a broader scale can address shared challenges, such as infrastructure development, workforce training, and market access. Regional partnerships also facilitate the exchange of best practices, allowing different areas to learn from each other's successes and failures. This collective approach enhances the overall economic resilience and competitiveness of the region, creating a unified front in the pursuit of common goals.
- **NATIONAL** partnerships play a pivotal role in aligning local and regional efforts with broader economic policies and objectives. Coordination at the national level ensures activities and focuses complement each other, creating a cohesive and efficient framework for economic progress.

Patience and respect are integral components of successful strategic partnerships. Economic development is often a long-term endeavor, and patience is necessary to navigate the complexities and uncertainties that may arise. Moreover, respect for diverse perspectives and cultural considerations, particularly in collaboration with tangata whenua, builds trust and fosters an inclusive environment.

Recognizing the value of each partner's contributions and maintaining open lines of communication contribute to a collaborative approach that not only advances economic development but also nurtures a sense of shared responsibility, commitment, and achievement.

Venture Timaru's collaborative projects enable us to add value, amplify connections, ignite enthusiasm and realise opportunities

We will continue to demonstrate collaboration in ways such as:

VIRTUAL REALITY SIMULATORS – alongside many local partners bringing accessible driver education resources into all local secondary schools to assist students on the path to obtaining their drivers licences.

MY NEXT MOVE – a nationally recognised youth transition initiative in partnership with secondary schools. Using our extensive business and industry connections to “expose, educate and excite” our next generation workforce.

SOUTH CANTERBURY ENERGY STRATEGY – we are collaborating with local stakeholders to assist in developing an energy strategy that will “power up” our district meeting capacity demands now and into the future in a sustainable and renewable way.

SUSTAINABLE IS ATTAINABLE – an unprecedented level of collaboration amongst our food processing and manufacturing sector and nationwide academics and research and development agencies – focused on taking the lead with their waste streams (minimisation, value & energy extraction and circular economy).

SISTER CITIES – an active member helping facilitate social, educational, business, and cultural connections with the district's international sister cities.

STRENGTHENING FAMILIES – proud to be a member, alongside our key local service and support agencies, ensuring all residents have access to the support they need to live the lives they aspire to in our district

BUSINESS CONNECTION GROUPS – regularly facilitated catch ups of industry sector groups to foster collaboration, sharing of best practice and training initiatives.

REGIONAL APPRENTICESHIP INITIATIVE – administering \$4.0m of central government funding to identify and support 120+ new apprentices into local trades and business across Mid & South Canterbury and North Otago.

MAJOR EVENTS FUND – financially supporting and encouraging new and existing events bringing economic and social benefits to the district.

INNER/NEAR CITY LIVING – in partnership with local professionals developing a guide to inspire, excite and encourage more people living in and near Timaru's CBD with a goal to bring vibrancy, business, and excitement to this area.

TIMARU CBD GROUP - administrator for a group of committed CBD property and business owners working together to improve the experience of all who visit, shop, work and live in our CBD.
