Notice of intention to be party to proceedings

1. Timaru District Holdings Limited (**TDHL**) wishes to be a party to the appeal ENV-2026-CHC-048 – The Royal Forest and Bird Protection Society of New Zealand Incorporated v Timaru District Council in relation to the Proposed Timaru District Plan (**the Appeal**) under section 274 of the RMA.
2. TDHL made submissions and further submissions about the subject matter of the proceedings.
3. TDHL is also a person who has an interest in the proceedings that is greater than the public generally. TDHL owns 39 hectares of land in the Port Zone (not being the operational Port land) of the Proposed Timaru District Plan and is a 50% shareholder of PrimePort Timaru Limited which owns and operates the Port of Timaru. TDHL is concerned to ensure the Proposed Timaru District Plan recognises and provides for the efficient and effective development, operation, maintenance and upgrade of the Port of Timaru and supporting and related activities in the Port Zone.
4. TDHL is not a trade competitor for the purposes of section 308C or 308CA of the Resource Management Act 1991.
5. TDHL is interested in those parts of the Appeal that seek changes to the following parts of the Proposed Timaru District Plan:
 - (a) the introduction to the Energy and Infrastructure Chapter;
 - (b) Objective EI-O2;
 - (c) Policy EI-P2 and proposed new policy EI-P2X;
 - (d) Policy EI-P6;
 - (e) Rule EI-R2;
 - (f) Rule EI-R3;

- (g) Rule EI-R10;
- (h) Rule EI-R21;
- (i) Rule EI-R23;
- (j) Policy NFL-P5;
- (k) Objective CE-O5; and
- (l) Rule CE-R7;

as detailed in Table 1 and Appendix 1 of the Appeal; and

- (m) any other, alternative or related changes sought to Proposed Timaru District Plan provisions relating to or otherwise impacting the Port of Timaru and/or the Port Zone.

TDHL's position on relief sought

6. TDHL opposes the relief sought because it:
 - (a) is impractical and unwarranted for the Port Zone;
 - (b) adds additional and unnecessary layers of regulatory control on land use within the Port Zone;
 - (c) does not appropriately recognise and provide for the efficient and effective development, operation, maintenance and upgrade of the Port of Timaru and supporting and related activities in the Port Zone;
 - (d) fails to promote the sustainable management of natural and physical resources under section 5 of the RMA;
 - (e) does not have particular regard to the efficient use and development of natural and physical resources (including in terms of section 7(b) of the RMA);
 - (f) is inconsistent with Part 2 of the RMA;
 - (g) is inconsistent with the matters contained in TDHL's submissions and evidence presented as part of the Proposed Timaru District Plan process;

- (h) is inconsistent with relevant planning documents including the New Zealand Coastal Policy Statement and the Canterbury Regional Policy Statement; and
- (i) does not provide for the most appropriate provisions in terms of section 32 of the RMA.

Mediation

- 7. TDHL agrees to participate in mediation or other alternative dispute resolution of the proceedings.
