

Open Space Zone

Introduction

The District has a diverse range of open and recreational spaces in its rural and urban areas that are used for indoor and outdoor, active and passive recreation activities, and which serve as a venue for other community activities and temporary activities such as fetes and fairs. The Open Space Zone encompasses neighbourhood parks, natural areas and amenity parks where there is often landscaping and a low density of built development. Cemeteries, which are quiet and contemplative spaces, are also located in this ~~Z~~zone.

PREC49 – Holiday Hut Precinct provides for the on-going use and maintenance of established holiday huts at Butlers, Milford, Waipopo, Rangitata, and Stratheona ~~and Blandwood~~¹ that were originally established to provide short term residential accommodation for anglers during the fishing season, as well as being places traditionally used by mana whenua for mahika kai and other cultural practices.

PREC510 – Te Aitarakihi Precinct is located at 50 Bridge Street, Oceanview, Timaru. The site is owned by the Te Aitarakihi Trust, which operates the Te Aitarakihi Multicultural Centre on the site. The Multicultural Centre was established as a place for all cultures, people and communities “Te Wāhi Karanga Mo Nga Iwi Katoa”. It provides a place for multiple ethnic groups to meet and share their cultural experiences. A range of cultural activities, community activities, health care facilities and educational facilities ~~activities~~ are provided for in the Precinct ~~precinct~~, along with complimentary commercial activities and residential activities.

Objectives

OSZ-01 The purpose of the Open Space Zone

The Open Space Zone primarily provides for a range of passive and active recreation activities, as well as community activities, cemeteries and limited associated facilities and structures.

OSZ-02 Character and qualities of the Open Space Zone ~~(excluding cemeteries, PREC9 - Holiday Hut Precinct and the PREC10 - Te Aitarakihi Precinct)~~

The character and qualities of the Open Space Zone are maintained and improved and include areas that:

1. are safe and accessible for all users; and
2. contribute to the community's health and wellbeing; and
3. are open and spacious with a low density of built development; and
4. have established plantings; and
5. are attractive and pleasant places where people can spend time relaxing and socialising.

~~Note: This objective does not apply to cemeteries, the PREC49 – Holiday Hut Precinct and the PREC510 – Te Aitarakihi Precinct.~~

OSZ-03 Character and qualities of cemeteries

Cemeteries are maintained as quiet places, that are characterised by an overall low density of built form, commemorative structures, plantings, trees and car-parking.

PREC49-O1 The character and qualities of the PREC9² - Holiday Hut Precinct

~~PREC49 - The~~ Holiday Hut Precinct is in areas with well-established clusters of buildings and structures located at Butlers Huts, Milford Huts, Waipopo ~~Huts~~, Rangitata ~~Huts~~, and the Stratheona Huts ~~and the Blandswood huts~~³ that are characterised by:

1. their river and coastal locations, ~~and in the case of the Blandswood Huts, the forested backdrop~~⁴; and
2. being exposed to natural hazards; and
3. an informal and ad hoc layout, with buildings in some cases being located closer than within a residential area; and
4. generally small-scale development that is diverse in character, and uses a range of construction materials; and
5. land used for informal recreational activities; and
6. a lack of infrastructure, including formed roads, reticulated water supply, reticulated wastewater and stormwater systems; and
7. activities that generally generate low levels of noise, except for occasional increases in noise levels arising from recreational activities including the use of watercraft and primary production in the adjoining rural zones ~~Rural Zones~~; and
8. activities that generally generate low levels of vehicle movements.

PREC510-O1 The character and qualities of PREC10⁵ - Te Aitarakihi Precinct

The character and qualities of ~~the~~ PREC510 - Te Aitarakihi Precinct comprise:

1. a moderate building coverage and site coverage; and
2. a built form of single or two-storey buildings; and
3. ample space around buildings; and
4. regular cultural, educational and community events.

Policies**OSZ-P1 Health and safety**

Encourage open space facilities to be designed, built and managed to:

1. maintain public health and safety and the protection of property; and
2. be consistent with the APP3 - National Guidelines for Crime Prevention through Environmental Design in New Zealand (CPTED).

OSZ-P2 Appropriate activities in the Open Space Zone

Enable activities that:

1. are consistent with the intended purpose, character and qualities of the Open Space Zone; and;
2. contribute to the overall health and wellbeing of the community; and
3. minimise adverse effects on the character and amenity values of the surrounding area.

OSZ-P3 Primary production activities

Enable non-intensive primary production activities where these are compatible with the character and qualities of the Open Space Zone.

OSZ-P4 Commercial activities

Enable commercial activities where they are ancillary to a recreation activity and/or community activity.
