

Application for Services Consent

Water, Sewer, Stormwater, Channel Crossing, Vehicle Access,
Occupation of Road Reserve

(including all private underground and/or aboveground services within Road Reserve)

Application does not constitute Approval

SECTION 1 – CONTACT DETAILS

Applicant Details

Name: _____
 Company: _____
 Postal Address: _____

 Email: _____
 Daytime phone: _____
 Mobile: _____

(only required if different from Applicant)

Landowner / Purchaser / Client Details

Name: _____
 Company: _____
 Postal Address: _____

 Email: _____
 Daytime phone: _____
 Mobile: _____

SECTION 2 – DETAILS OF PROPERTY REQUIRING SERVICES

Street Address: _____
 Town: _____
 Valuation No.: _____
 Legal Description: _____ (Proposed Lot _____)

Does this application occur because of a:

Building Consent? Yes / No If yes, advise Building Consent No. _____
 Subdivision / Land Use Consent? Yes / No If yes, advise Resource Consent No. _____

If Consent is intended, but not yet lodged, please state "Consent No." as "Pending" and include detailed plan of proposal (including intended property boundaries / land area).

Activity on site

- Residential (Domestic Use only)
- Residential (Home Business) Specify Type: _____
- Commercial Specify Type: _____
- Industrial Specify Type: _____
- Farming Activities Specify Type: _____

SECTION 3 – DEMOLITION REQUIRING EITHER TEMPORARY OR PERMANENT DISCONNECTIONS

Temporary Disconnections are permitted when the lateral is to be re-used within 24 months.

Water

- Temporary Disconnection (to be capped inside boundary) Effective from _____
- Permanent Disconnection (to be capped at main) Effective from _____

Sewer

- Temporary Disconnection (to be capped inside boundary) Effective from _____
- Permanent Disconnection (to be capped at main) Effective from _____

Stormwater

- Temporary Disconnection (to be capped inside boundary) Effective from _____
- Permanent Disconnection (to be capped at main) Effective from _____

Vehicle Access

- Removal of Redundant Vehicle Access Effective from _____

Application fees are not required if application is solely for disconnections.

SECTION 4 – URBAN WATER SUPPLY

Timaru / Temuka / Geraldine / Pleasant Point / Peel Forest / Winchester

- | | |
|--|------------------------------|
| <input type="checkbox"/> Connect to existing Lateral | Existing Pipe Size: _____ mm |
| <input type="checkbox"/> Upgrade / Relocate existing Connection | Proposed Pipe Size: _____ mm |
| <input type="checkbox"/> New Connection to existing Public Water Main | Proposed Pipe Size: _____ mm |
| <input type="checkbox"/> Is this a dedicated Fire Sprinkler Connection? | Yes / No |
| <input type="checkbox"/> Dispensation from Storage (<i>Pleasant Point Water Supply only</i>) _____ | |

Application fees are not required if application is solely for Storage Dispensation.

SECTION 5 – RURAL WATER SUPPLY

Downlands (incl. Pareora & St Andrews) / Te Moana / Seadown / Orari / Beautiful Valley / Rangitata-Orari

- | | |
|---|--------------------------|
| <input type="checkbox"/> New Connection: | |
| <input type="checkbox"/> Redistribution of current units | |
| <input type="checkbox"/> Additional allocation of units | |
| <input type="checkbox"/> Temporary Increase: | |
| Starting: ____/____/____ | Finishing ____/____/____ |
| <input type="checkbox"/> Relocation of Tank – to different position | |
| <input type="checkbox"/> Replacement of Tank – in same position | |

Existing No. of Units:	_____
Additional Units required:	_____
Total No. of Units:	_____
Domestic Allocation:	_____

Application fees are not required if application is solely Replacement of a Tank in the same position.

- | | |
|---|--|
| <input type="checkbox"/> Relocation of Rangitata-Orari Water Race | |
|---|--|

SECTION 6 – SEWER

- | | |
|--|--|
| <input type="checkbox"/> Connect to existing Sewer Lateral | Existing Pipe Size: _____ mm |
| <i>If Required: Provide Proof of Easement with the application</i> | |
| <input type="checkbox"/> Upgrade / Relocate existing Connection | Proposed Pipe Size: _____ mm |
| <input type="checkbox"/> New Connection to existing Public Sewer Main | Proposed Pipe Size: _____ mm |
| <input type="checkbox"/> New Connection to existing Public Sewer Manhole | Proposed Pipe Size: _____ mm |
| <input type="checkbox"/> Installation of new Public Sewer Manhole | |
| <input type="checkbox"/> Connection to Arowhenua Sewer Network (pressurized network) | No. of Pans _____ No. of Urinals _____ |

SECTION 7 – STORMWATER

*Discharge rates must not exceed pre-development levels.
Any excess stormwater must be attenuated on site prior to discharge.
Connections to sumps are not permitted.*

- | | |
|---|------------------------------|
| <input type="checkbox"/> Connect to existing Stormwater Lateral | Existing Pipe Size: _____ mm |
| <i>If Required: Provide Proof of Easement with the application</i> | |
| <input type="checkbox"/> Upgrade / Relocate existing Connection | Proposed Pipe Size: _____ mm |
| <input type="checkbox"/> New Connection to existing Public Stormwater Main | Proposed Pipe Size: _____ mm |
| <input type="checkbox"/> New Connection to existing Public Stormwater Manhole | Proposed Pipe Size: _____ mm |
| <input type="checkbox"/> Installation of new Public Stormwater Manhole | |
| <input type="checkbox"/> New Connection to Kerb and Channel | Proposed Pipe Size: _____ mm |

Application fees are not required if application is solely for relocation of existing stormwater outlet or sump due to installation of a channel crossing.

Does the activity on the site appear on the Canterbury Land and Water Regional Plan's Schedule 3 – Hazardous Industries and Activities List? (refer to www.ecan.govt.nz for details) Yes / No
If YES: Provide details of stormwater treatment / attenuation with application

Does the site involve the use, storage or disposal of hazardous substances as defined in the Canterbury Land and Water Regional Plan's Schedule 4 – Hazardous Substances? (refer to www.ecan.govt.nz for details) Yes / No
If YES: Provide details of stormwater treatment / attenuation with application

Refer to attached Information Sheet and/or www.timaru.govt.nz/services-consents for further information.

SECTION 8 – VEHICLE CROSSING – Kerb & Channel *(Urban)*

Application fees are not required if application is solely for installation of a channel crossing.

- | | |
|---|---|
| <input type="checkbox"/> New Crossing | Total Length _____ metres |
| <input type="checkbox"/> Extension to existing crossing | Total length (including extension) _____ metres |
| <input type="checkbox"/> The existing crossing is to be removed | Length _____ metres |
| <input type="checkbox"/> The existing crossing is to be kept? | Yes / No |

Type of Crossing Required

- | | |
|--------------------------------------|----------------------------------|
| <input type="checkbox"/> Residential | Asphaltic Concrete / Concrete |
| <input type="checkbox"/> Commercial | Asphaltic Concrete / Concrete |
| <input type="checkbox"/> Industrial | Concrete / Concrete (Heavy Duty) |

SECTION 9 – VEHICLE ACCESS – Non Kerb & Channel *(Rural)*

Application fees are not required if application is solely for installation of a vehicle access.

- | | |
|--|-----------------------------|
| <input type="checkbox"/> A new vehicle access is to be installed | Driveway width _____ metres |
| <input type="checkbox"/> The existing vehicle access is to be upgraded | Driveway width _____ metres |

Proposed drainage pipe details (if required):

- Pipe Type _____ *(eg uPVC, mPVC, steel, concrete, etc)*
 Pipe Length (across Driveway) _____ metres Pipe Diameter: _____ mm

Any required drainage pipe should extend a minimum of 1.0 m either side of the access formation.

- Does the vehicle access cross a Council water race Yes / No
 Does the vehicle access cross a privately owned irrigation race Yes / No

If Yes: Provide proof of approval from the relevant Irrigation Race Owner that crossing of the irrigation race is permitted with the application.

SECTION 10 – OCCUPATION OF ROAD RESERVE *(All private services)*

All applications to install private services within the road reserve must supply written authority from existing road users with their application. Provide letters of approval from the following organisations regarding this proposal with your application:

- Environment Canterbury *(Required when proposal involves a natural waterway)*
- Private Irrigation Co *(Required when proposal involves crossing a privately owned Irrigation Scheme i.e. Kakahu, Levels Plain Irrigation, Opuha Water Ltd, Rangitata Water Irrigation)*
- Producer Statement *(Required when proposal involves installation of Culvert/Structure greater than 1.0m in height)*

In addition statements from other relevant existing road users may also be required other than those listed above. Refer to attached Information Sheet and/or www.timaru.govt.nz/services-consents for further information.

Road frontage: _____

Underground:

(to be laid at a minimum depth of 900mm)

- Stock Underpass
- Access / Entranceway culverts greater than 1.0m
- Pipeline (to carry _____)
- Effluent pipe
- Private electrical cables
- Private telecommunication cables
- Other: _____

Pipe Type	Pipe Size	Construction Method
<i>eg uPVC, mPVC, steel, concrete,</i>		<i>e.g. thrust boring, trenching, mole plough</i>
<i>Specific Design details to be provided</i>		
	mm	
	mm	
	mm	
	mm	
	mm	

All road crossings shall be trenchless installation unless specific written dispensation is granted.

Above Ground

- Occupation of unformed road
- Road Encroachment Fence
- Stock Crossing Fences / Gates
- Structure on Road Reserve: _____
- Other: _____

Structure Material / Type	Construction Method
<i>e.g. Post and wire, netting, Box Culvert,</i>	

Council may permit the planting of trees and shrubs on roadsides where such planting will enhance the environment for the General public. Shelter belt planting is not permitted on the road reserve.

- Planting of Trees and Shrubs on Road Reserve

Detailed diagram showing proposed planting layout, site orientation and relative positions of relevant services and features, including list detailing plant names, estimated height at maturity and proposed distances from both road boundary and edge of carriageway to be provided with application

SECTION 11 – SUMMARY

The Services Consent will be issued to your mailing address with Conditions of Approval. Incomplete applications will be returned for completion and re-submission.

Have you selected all services required?

- Sections 1 and 2 have been fully completed
- Section 3 – Demolitions / Disconnections
- Section 4 – Urban Water
- Section 5 – Rural Water
- Section 6 – Sewer
- Section 7 – Stormwater
- Section 8 – Channel Crossing
- Section 9 – Vehicle Access
- Section 10 – Occupation of Road Reserve

Attach Plan of Proposal showing:
 ... Property boundaries, roads, buildings, etc
 ... Proposed location of water, sewer and stormwater connections to Council infrastructure
 ... Proposed position of channel crossing / vehicle access.
 ... Include distances and dimensions to boundaries. In rural areas, please give approximate distance to nearest intersection.
