City Hub Strategy

Elements that shape the Timaru CBD have, and will continue to evolve. We want to ensure the CBD remains fit for purpose and in a position to maximise future opportunities.

Therefore, a City Hub Strategy is being developed to define the vision and identify the elements that contribute to the vitality of the Timaru CBD and we want everyone to have their say!

We want feedback from our wider community to get a better feel for what our district wants and needs, as well as finding out what you think works and what doesn't. We'll use this information to help shape the strategy.

Want to have your say?

You can submit your ideas or feedback here:
