

NATIONAL POLICY STATEMENTS AND NEW ZEALAND COASTAL POLICY STATEMENT

National policy statements (NPSs) and the New Zealand Coastal Policy Statement (NZCPS) form part of the RMA's policy framework and are prepared by central government. NPSs and the NZCPS contain objectives, policies and methods that must be given effect to by regional policy statements and plans. Consent authorities must also have regard to NPSs and the NZCPS when making decisions on resource consent applications, alongside other considerations.

The following table provides an overview of whether a review of the Timaru District Plan has been undertaken in relation to the NPSs and the NZCPS.
