## **7 Representation Review 2018**

The Board considered a report by the Corporate Planning Manager/Electoral Officer and a presentation from Darryl Griffin of Electionz.com on the Representation Review process and seeking the Board's preferred option for recommendation to Council.

The question was raised if the Community Board are able to lodge an appeal on the Council's final decision as a group. It was explained that appeals would usually be lodged by individuals.

There was general consensus that the status quo ward system was working well and the boundaries for each of the three wards were appropriate.

The Board reached the following consensus –

- Retain the current Council Elected members structure as is – three wards
- Retain the boundary of the Pleasant Point - Temuka Ward as it is
- Retain the present three Community Boards
- Retain the boundary of the Pleasant Point Community Board area as it is (with no subdivisions)
- Retain the Board's current composition of 5 board members plus 2 appointees.
