North Street

Road Closure

What's happening and why:

Due to a history of poor stormwater drainage in the area, work will soon begin to upgrade the stormwater system to improve how rainwater is collected and managed. To ensure the safety of both road users and the team working on site, a majority of this work will be completed under a full road closure.

Where:

North Street from Canada Street to Oxford Street.

When:

Project Duration: Monday, July 7, 2025 and Friday, July 25, 2025 (3 weeks)

Road closure: scheduled to be in place from 7:00 am on Monday, July 14, 2025 until 5:00pm on Tuesday, July 22, 2025.

Expected disruption:

During the road closure, normal traffic will not be permitted. However, access for residents and pedestrians will be maintained. Please note there may be a short delay as on site team escort residents through the closure area.

Other important information:

Due to this work being directly in front of Timaru Boys High School, the project will take place during the school holidays to minimise disruption to students and residents.

Discuss other applicable information such as:

- Expected TTM - cones/signs/e stop/ lane switch etc.*
- bus stop relocation*
- whether or not residents should still put out their rubbish bins as normal*
- Any notes about the of safety/pets/children/contractors/road users*
- Can they expect excess noise, dust, vibrations etc.*

Contact information:

Client organisation - Project Manager Name - Phone number

Contractor company - Site Supervisor Name - Phone Number

Thank you for your cooperation while we complete this important work. If you have any questions or concerns, please do not hesitate to get in touch using the contact details above.
