# TIMARU DISTRICT LICENSING COMMITTEE ANNUAL REPORT TO ALCOHOL REGULATORY AND LICENSING AUTHORITY FOR YEAR 2014-2015

Date: 25 September 2015

Prepared by: Paul Cooper

**Environmental Services Manager** 

#### Introduction

The purpose of this report is to inform the Alcohol Regulatory and Licensing Authority (the Authority) of the operation and proceedings of the Timaru District's District Licensing Committee (DLC). The Council during the development of the processes to be adopted through the implementation of the Sale and Supply of Alcohol Act 2012 (the Act) decided to become part of a Joint District Licensing Committee for the Timaru, Waimate and Mackenzie districts. The Timaru District Council is contracted to provide licensing services to both the Waimate and Mackenzie District's. This report satisfies the requirements of the Territorial Authority set out in Section 199 of the Act.

#### Overview of DLC Workload

The table below shows the current membership and structure of the DLC, with the Timaru members shown in the middle of the table:

 Commissioner
 Councillor Pat Mulvey

 Deputy Chairperson
 Mayor Damon Odey

 Mackenzie DLC Members
 Mayor Claire Barlow

 Councillor Graeme Smith

 Timaru DLC Members
 Mr Peter Thompson

 Mr Graeme Broker

 Waimate DLC Members
 Mayor Craig Rowley

 Councillor Sharyn Cain

### - Staff over the Reporting Period

Mr Jonathan Cowie, Environmental Health Unit Manager at Timaru District Council, was the Secretary to the DLC for the majority of the reporting period, until his resignation in mid June 2015. At that time the role passed to Mr Chris English, Group Manager Regulatory Services at Timaru District Council. At the time of the change in Secretary, it was also decided that following the successful implementation of the Act and fine tuning of the operation of the Committee, the position of Committee Advisor (Technical Advisor) could be disestablished.

Operational staff during the reporting period varied due to staff resignations. Mrs Sharon Hoogenraad and Mr Paul Cooper were the Inspectors until August 2014, at which point Mr Cooper took up another position within the Timaru District Council. He was replaced by Environmental Health Officer Llyn Davies, who provided half a full time health position and half a full time liquor position. This formalised a reduction of half a position dedicated to operational alcohol licensing matters.

Mrs Llyn Davies resigned in April 2015 and there was only a single Inspector until mid June 2015, when Mr Paul Cooper returned to the unit providing half a full time Inspector's position, together with the role of Environmental Services Manager, after Mr Jonathan Cowie also resigned.

Mrs Candice Skevington was the Liquor Licensing Clerk until she resigned in December 2014, subsequently replaced by Mrs Jenna Campbell.

The DLC membership has remained static throughout the reporting period.

### - Workload over the Reporting Period

The DLC typically meets on a weekly basis to consider all applications not requiring a quorum. These meetings consist of the Commissioner, the Secretary and the Licensing Clerk. All file a pre-read in the two days prior to the meeting and this cuts down the time spent in the meeting considerably.

Where a full quorum is required, for example to consider an application for a Temporary Authority, the DLC members from the respective area from to which the application belongs, attend together with the Commissioner. The number of times in the year a quorum is limited, therefore one issue identified by members was that they found it difficult to remain current and maintain their knowledge level, with so few meetings.

#### - DLC Costs and activity over the Reporting Period

There were 20 meetings over the course of the year. The cost associated with the Commissioner and the DLC members for those meetings was \$13,531.76 exclusive of GST. In terms of licenced premises, Timaru had three enforcements for failed purchase operations, namely Robbies Washdyke, Sukhothai Restaurant, the Geraldine Town and Country Club and The Sail. The club sold alcohol to non members, whilst the other premises sold to minors. All premises have since served suspensions. There were three new licenses granted, namely South Canterbury Darts Association (Club licence), Kingsdown Manor (On Licence) and Café Mes amis (On licence). Two premises closed down, but still have a current licence, those being Bar1 and the Northtown Tavern.

#### **DLC Initiatives**

Due to the infrequent nature that the DLC meets with Commissioner and members present, it was decided to invite members to pre-read applications and attend a regular DLC meeting quarterly. This initiative is intended to help DLC members remain current and retain their knowledge.

### **Local Alcohol Policy**

The collaborative approach of the three South Canterbury District Councils toward licensing matters, which existed prior to the introduction of the new Act, has continued in relation to the development of a LAP. The three decided in May of 2013 to work toward developing a joint LAP and the process dictated by the Local Government Act 2002 and the Act was followed from that point.

In December of 2013 the Councils made some recommendations for adjustments to the Draft LAP before it became the Provisional LAP (PLAP) on 10 December 2013. Prior to being adopted the PLAP was put out for public consultation on 8 February 2014 for 30 days, as required by Section 80 of the Act. At the close of the public consultation period on 10 March 2014, four appeals had been lodged from the following appellants:

Foodstuffs South Island Limited
Progressive Enterprises Limited
James Gary Dennison (withdrew)
Super Liquor Holdings Limited
Dr Daniel Williams, Canterbury Medical Officer of Health

The appellants attended a hearing with the Authority in May 2015. They agreed to declare a particular element of the PLAP unreasonable, the element pertaining to the proximity of premises licensed for off sales in a commercial zone, to sensitive sites such as educational facilities. The Authority could then consider the PLAP on the papers, providing agreement about the element could be reached and there was no subsequent appeal.

The appellants agreed to the amended element and signed a memorandum to confirm their agreement. The original submitters from the Special Consultative Procedure were then contacted and made aware of the changes. A thirty day period ending on 21 September 2015 was observed to provide opportunity for any submitters to appeal. At the conclusion of this period, the PLAP was sent to the Authority for their consideration, where it sits at the time of writing.

#### **Current Legislation**

See below.

#### **Matters for Authority to Consider**

The Commissioner of the DLC and his fellow members have formed the opinion that member engagement in licensing matters is at risk due to the infrequent nature that their services are required. The initiative outlined previously in this report goes part way toward addressing the issue, but this may not be enough. The DLC would like to have any member sit at meetings where matters are not contested and not the Commissioner alone as currently prescribed by the Act. This would mean sharing the workload and ensuring that the Commissioner and all the members of the DLC have the opportunity to rotate through the chair (members as Acting Commissioner) to promote engagement of members and maintain their level of knowledge.

### **Statistical Information**

The Annual Return is attached to this report in the prescribed format.

### TIMARU DISTRICT LICENSING COMMITTEE

### YEARLY RETURN FOR JULY 2014 TO JUNE 2015

### On-licence, off-licence and club licence applications received:
